- Proposed Anonymity Card

The A.A. principle of anonymity at the public level is one of A.A.'s oldest protections and has helped attract countless newcomers from out of the shadows and into the rooms of Alcoholics Anonymous. Therefore, anonymity breaks on the Internet, social media, and all other forms of public communications are not only contrary to our Tradition of personal anonymity at the public level, they can scare away a problem drinker reaching out for help.

In the spirit of anonymity A.A. speakers and A.A. members ought not be photographed, video recorded, or identified by full name on audio recordings, and in published or broadcast reports of our meetings including online resources accessible to the public. The assurance of anonymity is essential in our efforts to help other problem drinkers who may wish to share our recovery program with us. And our Tradition of Anonymity reminds us that A.A. principles come before personalities. **(Conference voted not to consider)**
